

# #endbiketheft

Each year, **thousands of recovered bikes** in British Columbia go to auctions or charity because the police cannot determine ownership.

In just **FIVE MINUTES**, you can capture all of the key details of your bike for the police & insurance with the 529 Garage web service.

If your bike is recovered by the police, they will be able to return your bike to you and get you back on the road in no time.

Visit [www.project529.ca](http://www.project529.ca) or download the **529 garage** app for iOS or Android today.

**Registration Event - September 16, 2017**

**Kamloops Bike Ranch Upper Parking Lot - 10am to 2pm**
