

CEMETERIES

SCHEDULED TURF MAINTENANCE SEASON

Cemetery Bylaw No. 6-27 states all artificial flowers and other tokens of remembrance composed of artificial foliage shall only remain on gravesites from October 1st through to the second Monday in April.

We ask family members to remove all items before **Monday, April 11, 2022**. Items in City-issued flower stands are exempt from this rule. **Any items not collected before this date will be placed at the Hillside Cemetery flower storage area and available for pickup no later than April 25** and are not to be placed back on the grave site until after October 1.

Commencing **Thursday, April 14, 2022**, and every Thursday after through to **October 1, 2022**, flowers placed on gravesites will be removed and placed at the flower storage area for our scheduled turf maintenance. This does not include flowers in City-issued flower stands.

It is recommended limiting grave embellishments to fresh cut flowers only during the turf maintenance season and that anyone who wishes to place flowers on graves do so after 3:00 pm Friday of each week.

If you have any questions please contact the Hillside Cemetery Office at 250-828-3462. Thank you for your co-operation.
