

WELCOME TO THE RIVERS TRAIL

Located along the scenic North and South Thompson Rivers, the Rivers Trail offers 40 km of connected pathways weaving through Kamloops' Downtown and North Shore. The trail system begins at kilometre zero within Riverside Park, at the confluence of the North and South Thompson Rivers, the very place that inspired the name Tkemlups (Kamloops) in Secwépemc, meaning where the rivers meet. From this starting point, the well-loved trail network spans 15 km north, 16 km west, and 3 km east. Please share the trail responsibly and enjoy the view!

MULTI-USE PATHWAY ETIQUETTE

It's important to follow rules and use etiquette on our multi-user pathways to ensure the safety and enjoyment of all.

Thoughts to keep in mind include:

- Wear a helmet when cycling.
- Wear reflective items when out at night.
- Yield to pedestrians.
- Obey all traffic signs.
- Slow down when coming up behind people, and ring your bell or announce yourself before passing.
- Keep in your lane (right side of the path) when oncoming traffic is approaching.
- Be aware of your surroundings, people, and animals.
- Use garbage cans located along the trail.
- Be courteous and monitor your speed.

The City of Kamloops acknowledges that we are located on Tkemlups te Secwépemc territory, situated within the unceded ancestral lands of the Secwépemc Nation. We honour and respect the people, the territory, and the land that houses our community.

ATTENTION DOG OWNERS

Dogs are allowed on the Rivers Trail but not in Riverside Park or McArthur Island Park, except in highlighted sections where they must be kept on a leash in accordance with City of Kamloops Dog Responsibility and Control Bylaw No. 34-42.
