

Kamloops Fire Rescue
2026 Firefighter Recruitment

Vision Acuity

Far Visual Acuity

Far visual acuity must be at least 20/30 binocular with correction using contact lenses or eyeglasses. For wearers of hard contacts or eyeglasses, far visual acuity uncorrected must be at least 20/100 binocular, as per NFPA 1582. Successful long-term soft contact lens wearers are exempt from the uncorrected criterion.

- ☐ Applicant meets
- ☐ Applicant does not meet
