

RESIDENTIAL CART INFORMATION CARD

42% of household garbage is organic waste that can be composted and hundreds of items thrown in the garbage can be recycled. By participating in the curbside organics and recycling programs and utilizing recycling drop-off depots for items not accepted in curbside recycling, household garbage levels will be reduced. The City offers four sizes of garbage carts to help households rightsize their solid waste carts. There is a \$50 fee to upsize your garbage cart. To change the size of your garbage or recycling cart, call Civic Operations at 250-828-3461.
