

ABOUT THE PROGRAM

Through the Memorial Bench and Tree Program, you can provide a unique dedication by placing a plaque in front of a tree or on a bench in one of the beautiful locations available within the City parks system. This dedication provides a lasting remembrance in honour of a loved one, individual, or group and enhances the bench's or tree's meaning to observers and park users. The gift is also a valuable contribution to the parks system, the Rivers Trail, and the beautification of our city.

You can memorialize a loved one or commemorate a significant group, date (birthday, marriage, or anniversary), or event (achievement awards).

People of all ages visit our parks to use the trails and playgrounds, enjoy concerts, and participate in sports. Others come to the parks just to relax and enjoy nature.

Whatever the reason for visiting our parks, your generous gift will be recognized and appreciated by all parks' users. The City of Kamloops Parks Division would like to thank you for considering this heartfelt gift.
