

Class Rides Free Application

Free Transportation Available for Field Trips

The City of Kamloops is pleased to offer the Class Rides Free program, which allows students to experience the Kamloops transit system free of charge for the purpose of travelling to and from school field trips.

Public transit plays an essential role in ensuring a strong community by creating jobs, protecting the environment, enhancing our quality of life, and providing mobility and freedom of choice. We believe it is important for students to experience the transit system, understand how it works, and appreciate its many benefits.

How it Works

Return your completed application form **at least two weeks** before the field trip date. Upon approval, a letter will be sent back that will grant permission for the class, the teacher, and any classroom assistants to ride the transit system free of charge. Completed forms should be submitted via email to transit@kamloops.ca. If you have any questions regarding the Class Rides Free Program, please call 250-828-3774.

Eligibility

- Any class from School District No. 73 schools and Kamloops private schools or licensed daycares are eligible for the program.
- Each educator/teacher may apply to the program up to five times per year. If you require more applications, requests will be evaluated on a case-by-case basis.

Requirements

- The entire class must travel together and must travel on a regularly scheduled Kamloops Transit route (special transit service is not provided) during the off-peak hours of 8:30 am to 2:30 pm. Visit BCTransit.com/Kamloops or call 250-376-1216 for information about transit routes.
- Please limit the total number of people travelling by transit to 35.
