Yes. However, be aware that you will be required to travel to Kamloops on separate occasions to attend testing and interviews. Any costs associated with travel and/or relocation expenses are your responsibility.

Q ***I am currently a professional firefighter with another city. Do you have an experienced firefighter transfer program?***

No, but we encourage applications from both entry-level and experienced firefighters.

Q ***Can you recommend courses to take to better my chances of being selected?***

Due to the competitive nature of the selection process, we do not counsel or provide recommendations to potential applicants on how to increase their competitiveness. All requirements are set out in the job application process.

Q ***I am an auxiliary or paid on call firefighter. Do I have an advantage?***

All applications are considered as per the requirements of the position. Having experience as a firefighter of any kind will enhance the applicant's qualifications.

Q ***What is the cost to participate in the recruitment process? When do I pay the fee?***

There are costs associated to participate in certain steps of the recruitment process. You only pay if you make it to each step in the process. Costs are as follows:

Moderated Online Assessment (Written Test) - \$280+GST

Shortlisted applicants will be contacted by Trainor Vocational Consulting Corp. (<https://trainorvocational.ca/>) to register and pay via e-transfer \$280.00+GST to complete the required testing. Payment will be made via e-transfer prior to the testing date (July 20 - 23, 2023) or the applicant will not be able to participate.

Performance Testing (VO2 Max) - \$25

Only exact cash or pre-written cheque will be accepted. Please make cheques payable to **Stride Performance**. Candidates should have their cheque prepared or exact cash prior to arrival for performance testing on September 7, 8, 9, or 10, 2023.

Note that any fees received for a specific step in our process are non-refundable and will be required before you can participate in that step.

Q ***Why do candidates pay fees to participate in the hiring process?***

As a municipal organization, our department must be fiscally responsible for managing funds we receive through taxes. To ensure there are enough resources to provide emergency response services, firefighter applicant testing procedure must run on a cost-recovery basis. This is standard procedure throughout the province(s).

Q ***What does the written knowledge test involve?***

The written test is a series of multiple-choice questions. Testing will be conducted via Zoom between July 20 - 23, 2023 and the candidates will receive full instructions on the date of their test. The assessment will be conducted by Trainor Vocational Consulting

Corp and will encompass verbal reasoning, numerical reasoning, spatial reasoning, mechanical reasoning, and an English language test (literacy). In order to participate, it is highly recommended that candidates have a laptop or desktop computer and a good internet connection.

Please note that scores from previously written knowledge tests will not be allowed. Candidates will be required to complete a current written knowledge test in this recruitment process.

Q *What does the physical testing involve?*

The physical testing is a series of tasks that are typical to the position of Firefighter. These tasks are outlined on the Physical Fitness Test - Doctor's Consent Form (attached PDF) that you must complete and submit with your application.

Q *When is vision and hearing testing required?*

Candidates will have their vision and hearing tested if they make the final eligibility list. You are not required to provide us with your results for previous vision and hearing tests prior to this.

Q *How many positions are available?*

The purpose of this current recruitment will be to fill any vacancies that may arise in 2023 and 2024.

Q *If I am unsuccessful at any step in the selection process, what feedback can I expect?*

Unfortunately, due to the high number of applications received in the recruitment process, we are unable to provide applicants with individual feedback. If you are unsuccessful at any stage in the process, you will receive an email through our recruitment system. You are however welcome to apply for future firefighter recruitments.

Q *I have a conviction for driving under the influence, will that prevent my application from being considered?*

A driving record that demonstrates safe and responsible behaviour is a requirement of the position of firefighter. While any one factor does not prevent an application from being considered it is taken under consideration when reviewing a candidate's application. Applicants who have more than six (6) points in the last three (3) years from the date of application are considered excessive and will exclude the applicant from further consideration.

Q *I live in another province and have a driver's license, can I still apply?*

Yes, but it is your responsibility to provide proof of your license equivalency.

Q *I passed each stage of the testing process, but did not get a face-to-face interview, why?*

Passing each stage of the testing process does not automatically merit an interview. Due to the high number of applications received, the testing process is used as a screening tool. The recruitment panel reviews each application and only those with the strongest overall scores are selected for interviews. The number of candidates selected for interviews will also depend on Kamloops Fire Rescue's expected hiring needs.

Q *I do not have a Class 3 or Class 1 license, can I still submit an application?*

You must have proof that you have an appointment to complete the Class 3 or 1 when submitting your application and you must provide a valid Class 3 or 1 with air brake endorsement prior to reaching the first interview stage (VidCruiter) of the selection process.

Q *I have all the required qualifications, why wasn't I selected for the testing stages?*

Unfortunately, not everyone who meets the required qualifications can be selected. The application process is highly competitive. We accept applications from people with a wide variety of skills, experiences, and attributes. Applicants are measured on their ability to meet or exceed our standards and we strive to select the very best candidates.
