

# Panhandling

Bylaw No. 24-38

## DEALING WITH PANHANDLING

### The Dos

- **DO** answer requests for money with a firm “no”.
- **DO** report aggressive panhandling by calling Community Services.
- **DO** give authorities the location and physical description of the panhandler.
- **DO** treat panhandlers with respect, realizing that only a small portion of panhandlers are actually aggressive.
- **DO** offer panhandlers and the homeless information on where they can get help.
- **DO** make donations to organizations that have a proven track record for helping the homeless.

### The Do Nots

- **DO NOT** encourage panhandling by giving money, food, etc.
- **DO NOT** allow anyone to camp or loiter on your property or at your residence.
- **DO NOT** allow anyone to store shopping carts, bedding, or other personal belonging on your property or at your residence.
- **DO NOT** assume you are making a difference when you are giving into panhandlers as you are inadvertently facilitating poverty.
- **DO NOT** assume panhandling is good for the community. Panhandling can lead to crime and lower the quality of life downtown and in other areas of the city.

## FOR THOSE WHO NEED A HELPING HAND

Immediate aid is available from social service and non-profit agencies and faith-based organizations. There is help out there for those who want it. Many shelters and agencies provide meals, shelter, health care, and employment counselling to the homeless and others in need. Police and social service professionals agree that giving money to panhandlers is not the best way to help them. Giving to organizations dedicated to helping the needy and the homeless is a much more effective way to help.

The Community Services Division is part of a coordinated outreach team, and officers are connected with social service agencies that will ensure that those in need don't have to sleep outside, go hungry, or return to an abusive environment.

## WHAT DOES "PANHANDLE" MEAN?

"Panhandle" means to beg or ask for money, donations, goods, or other things of value, whether by spoken, written, or printed word or by bodily gesture for oneself or for any other person.

Panhandling is part of a vicious cycle of dependency. Giving money to a panhandler may provide a fleeting, short-term treatment of a symptom, but it does nothing to address the root cause of the needy and homeless in our city. In addition, panhandling can evoke feelings of intimidation to visitors, workers, and residents.

### Be compassionate.

Whether it is food, shelter, clothing, or any number of needs, there are social service agencies that can help. We are all part of this community, and supporting your local service agencies can help those in need.
